Secure your construction site with tough, rugged, dependable turnstiles and simple, intuitive access control software, today.

Trimble CrewLane

Secure.
Portable.
Tough.
Connected.

RUGGED CONSTRUCTION TURNSTILES

CrewLane is a new innovation to simplify construction site security. Coupled with CrewSight software, you can automate access and compliance for all workers, giving you peace of mind that everyone who's on-site, should be; all without the risk of human error.

- ▶ 24/7 security with turnstile access control
 - ▶ Portable: move the turnstile as your perimeter changes
 - ▶ Modular: Need more lanes? String turnstiles together
 - ▶ Plug and play: CrewLane arrives complete, just add power
 - ▶ Rugged: built to last as long as your project and beyond
 - ▶ Simple maintenance: industry leading mechanism simplicity
 - ▶ Cheap: Built light for market leading shipping rates
 - ▶ Secure: reduce theft and unwanted access immediately
 - ▶ Flexible: comes in SINGLE or DUAL lane configurations
 - ▶ Connected: order CrewLane with a cell kit for wireless connection
- Tech specs:
- ▶ CrewLane weight, including base and controller enclosure:
 - Single lane: 750lbs
 - Dual lane: 1,500lbs
 - ▶ CrewLane dimensions include base
 - Single lane: 61"(W) x 59.25"(D)/70.25"(D w/ enclosure) x 98"(H)
 - Dual lane: 94.5"(W) x 59.25"(D)/70.25"(D w/ enclosure) x 98"(H)

Couple CrewLane turnstiles with the best construction access control software:

▶ CrewSight Access Control

Need more security? Control access to your jobsite with CrewSight Access Control. This system links to turnstiles which grant or restrict access to your site based on the permissions you set workers. Easily enroll, on-board, badge and grant access to any worker or visitor and ensure no one without a badge can access your site.

We can provide the software, badging, turnstiles and anything else you may require to secure your jobsite.

Make construction compliance simple with CrewSight Access Control
